

BFWI SAMPLERS

In 2010 for the 90TH Anniversary of the Federation every Institute in Bucks was given the opportunity to make sampler to fit into an A4 sleeve. We now have three folders of samplers in several styles: embroidery, applique, photo transfers, tapestry and some embellished with beading.

If you didn't make one at the time, or if you are a new Institute, why not consider making one (while you are making you pennant)? to add to our collection, so that in 2020 we hopefully will have one from all past and present.

So, what is needed? Any craft form that fits in an A4 wallet the subject needs to be related to your WI, village/town or both accompanied with one A4 sheet describing the meaning behind the work and who worked on it.

We would like to have your Samplers in our hands by October 2019. Plenty of time to make plans for a winter craft group or get together. Below are just two of the Samplers to be found in our Archive.

For more information please email Tracey at 2020bfwi@gmail.com titled Samplers

This project will form part of the 2020 celebrations.
